BeyondTrust Password Safe - ECM Plugin 19.3.1 Release Notes

August 18, 2020

New Features and Enhancements:

- This release of the plugin for integration with BeyondTrust Password Safe includes updates for compatibility with the upcoming Password Safe release (v7.0).
- Updated plugin to use new **offset** and **limit** parameters added in 6.10. The plugin will also use new **Configuration/Version** API endpoint added in 6.10 to help distinguish whether to use those parameters, maintaining backward compatibility with previous releases of Password Safe.
