

# Android Jump Client 2.2.8 Release Notes

November 15, 2022

## Issues Resolved:

- Resolved issue with notifications not stopping during sessions.
- Resolved issue with the Android Jump Client not connecting after the device was rebooted.
- We now display *Not pinned to a Secure Remote Appliance* rather than *Pinned to [blank]* when the Android Jump Client is not pinned.

## Requirements:

The BeyondTrust Android Jump Client works with:

- Android devices running 6.0 or greater.
- Existing BeyondTrust Remote Support installations, version 19.1 or greater.
- Support sites with a trusted CA-signed certificate on the appliance.

## Notes:

- The Android customer client is available for download in [Google Play](#).
