Android Rep Console 2.2.5 Release Notes

November 3, 2015

New Features and Enhancements:
- Rep invite functionality is now available in the Android Rep Console.
- New application icon.

Issues Resolved:
- Resolved an issue with the user being prompted twice to start screen sharing.
- Resolved an issue where a representative with permission to Jump to a team's Jump Clients could not see those Jump Clients unless they also had permission to modify team Jump Clients.
- Resolved an issue with customer sessions elevated from Click-to-Chat not allowing screen sharing.

Requirements:
The Bomgar Android Rep Console is certified with:
- Android phones and tablets running Android 4.0.3 or greater.
- Existing Bomgar installations, version 14.1.1 or greater.
- Remote Support sites with a trusted CA-signed certificate on the appliance.

Notes:
- The Bomgar Android Rep Console is available for download in Google Play.
