

iOS Rep Console 2.2.3 Release Notes

January 14, 2014

New Features and Enhancements:

- iOS Representative Console now includes the ability to use Privacy Screen when supporting remote desktop.
- iOS Representative Console now includes 64-bit support for the iPad Air and iPhone 5s.

Issues Resolved:

- Resolved an issue where the "Chat With" window remained visible after the keyboard was hidden.
- Resolved an issue where Reps were able to send multiple Bomgar Button deployment requests without first receiving an acceptance or denial.

Requirements:

The Bomgar iOS Rep Console works with

- iPhones and iPads running iOS 6.0 or greater
- Existing Bomgar installations, version 12.1.1 or greater
- Support sites with a trusted CA-signed certificate on the appliance

Notes:

- The Bomgar iOS Rep Console is available for download in the App Store.
