

# PowerBroker for Windows 7.9.0.7 Release Notes

February 1, 2022

## New Features and Enhancements:

- Microsoft Windows Server 2022 is now supported.

## Issues Resolved:

- Some app crashes on Windows 10 endpoints were resolved.
- The OS for Windows 11 endpoints now shows up correctly in BeyondInsight assets.
- In-place upgrades from PBW 7.8.8.21 to this version will work.
