iOS Access Console 3.1.3 Release Notes

December 5, 2023

New Features and Enhancements:

- File Transfer is now available in the iOS Access Console.

Issues Resolved:

- Resolved an issue with poor mouse-click accuracy on some devices.
- Resolved an issue where locking and unlocking the device while on the Jump Groups page caused the Jump Groups page to be blank.
- Resolved an issue with the Control-Alt-Delete button sometimes being unavailable.
- Resolved an issue with Three-Finger scrolling not working in Web Jump sessions.
- Resolved an issue with Jump Items not refreshing after doing a pull down gesture.

Notes:

- Runs on both iPhone and iPad running on iOS 16+.
- Compatible with PRA 22.2+.
- The iOS Access Console is available in the App Store.
- Certified for GA.
