Android Jump Client 2.2.3 Release Notes

June 19, 2018

Issues Resolved:

- Customer client sessions are now prevented from starting if there is already a session taking place on the device. The Jump Client shows as offline until the customer client session ends.

Known Issues:

- None.

Notes:

- The Bomgar Android Jump Client works with:
    - Android phones and tablets running Android 4.3+.
    - Existing installations of Bomgar Remote Support version 16.1.1+.
    - Support sites with a trusted CA-signed certificate on the appliance.
- The Bomgar Android Customer Client is available for download in Google Play.
