iOS Customer Client 2.2.0 Release Notes

November 26, 2012

New Features and Enhancements:
- iPhone 5 and iOS 6 now supported
- The iOS Customer Client 2.2.0 requires iOS 5.0+

Issues Resolved:
- Resolved an issue with the iOS Customer Client not connecting on the port specified in the site address field
- Resolved an issue where quickly starting sessions back-to-back was not working correctly
- Resolved an issue with old session information showing when you start another session

Requirements:
The Bomgar iOS Customer Client works with:
- iPhones and iPads running iOS 5.0 or greater
- Existing Bomgar installations, version 11.1.1 or greater
- Support sites with a trusted CA-signed certificate on the appliance
