

Remote Support 10.2.10 Release Notes

October 9, 2009

Issues Resolved:

- Resolved an issue where teams would sometimes not show up in reporting.

Notes:

- This release has been certified against appliance base versions 3.1.x and 3.0.x for the B100, B200 and B300 physical appliances. It has not been certified for the B300v.
